Health Information

Name of Dog: _____

Breed _____

Age _____ Weight _____ Male/Female _____ Pregnant: Yes or No

Date of Hair Sampling _____ Color of Hair _____

Sample taken from what location on the body? _____

What are the primary and current health conditions?

List past health conditions.

List all known allergies or sensitivities including food.

Has your dog ever been dewormed? _____

If so which chemical dewormers were administered.

List your dog's vaccine history with dates.

Please list all medications and/or supplements.

Attach an ingredient list or a picture of the label for all combination supplements.

What kind of diet is your dog currently eating? Attach an ingredient list or a picture of the actual label.

List any other information that is relevant to your dog's health conditions including behaviour, lifestyle, and emotions.

Photographs

Please email or mail two pictures of your dog: one body picture, and one portrait picture of their face. You may also include pictures of an injured body part or skin problem.

Cut the Hair Sample

Take a hair sample that weighs approximately 125 mg (about ½ Tablespoon) as close to the skin as possible from the chest area.

- The hair should be no longer than 1-1/2 inches.
- For long haired dogs, cut the extra length off and keep the 1-1/2 inch section which was closest to their skin.
- For outdoor dogs wash the testing area with rubbing alcohol and let dry completely before taking the sample.

Mail the Hair Sample

Place the hair sample in a paper envelope. Do not use plastic or zip-lock baggies and do not tape the sample to a piece of paper or put it in aluminum foil. Plastic, glue and aluminum will contaminate the hair sample.

Return the envelope with the hair sample and the completed intake form.
Print, fill out, and mail with your hair sample.

Disclaimer

This consultation is intended to provide health information and Marijke van de Water and Marijke's Intuitive Healing Services Ltd. reminds clients that this information is not intended for clients to diagnose or treat specific health problems or diseases. The information should not be considered as a substitute for qualified medical advice. In the holistic health care model, we are supporting wellness of the whole body.

We also provide information on products, but it is the client's responsibility to ensure that any products used are appropriate and that there are no contraindications for their specific situation.

Marijke van de water and Riva's Remedies Ltd. and their owners, employees or affiliates will not be liable or responsible for any loss, damage or health problems caused directly or indirectly by the use or attempted use of any of the information or products. People should always seek the services of a qualified health care professional.
