RIVA'S HAPPY HORSES

CHEXY COMES SOUND

"When Chexy came up sore in the fall of 2016 she could barely walk. And even though she had never been sore before, it was soon confirmed that Chexy was in the early stages of laminitis.

Kelly, her owner, wrapped her feet in foam and vet wrap to help keep her comfortable and tried some anti-inflammatories. And then she remembered about the Riva's **Circu-Plus**, so she immediately ordered that along with some **Vitamin B6**, and some **Pro-Colon** probiotics.

After being on the **Circu-Plus** for only a couple of weeks, she was feeling so much better. So she went back out with her other horse and was feeling great! From there she went on to make a full recovery. So I gave Chexy the Circu-Plus until it was gone and she hasn't had another flare up since!"

...KELLY D. (MAPLE RIDGE, B.C.)

LUKE'S SARCOID SUCCESS

Luke was a young two-year old QH when he grew two sarcoids on his hindquarters. So, one of our horse health course students and natural horse health consultant, Kim Rienks, took on his case. She started with the **Equi-Derm** herbal blend as a skin remedy, blood cleanser and purifier. And she added **Vitamin C (ascorbic acid)** to support both his liver and his immune system. Luke was also given a course of homeopathic **5 Way Support** to address chemical toxicity and trauma from previous vaccinations.

Luke first started his natural health program on July 2020 and the after pictures were taken in September 2020. Good job Kim. And nice hair coat Luke! You look fabulous!

...KIM R. (REVELSTOKE, B.C.)

ON THE BRINK OF EUTHANASIA

"We had a devastating problem with respiratory issues with four out of five of our horses. Apparently there were weeds and allergies affecting horses all across Ontario. We cut back the weeds and steamed the hay, but nothing was working. And sadly, we lost one of the four horses. And two more were one week away from euthanasia.

Then someone recommended Riva's Herbal Blends. After we started them on the **Bronc-Aid** and the **Equi-Boost** everything turned around. No more wheezing and coughing and they all recovered. Even the vet said it was a miracle!

We are so in love with our equine family. Grail Springs Retreat has been home to them for almost twenty years, and they now perform healing meditation circles with us. I highly recommend your products and we are so grateful!"

JOINT PAIN

"Since starting the **Joint Clear Herbal Blend** our 6 year old Border Collie Kyle is acting like a 2 year old again. He suffered from stiff joints and arthritis in his right paw and he is now running and jumping around like he used to. Best of all he is smiling again. I am so glad this product was recommended to us! Amazing results" - Sharon

BLADDER HEALTH

"Charlee had very little bladder control and the vet told me that her incontinence was due to her age. But after I took her off the prescription food and started her on the **Kidney Care Herbal Blend, Bladder Drops,** and **Vitamin C** she has WAY more bladder control. Thank you soooo much for your help." - Sarah V. (Victoria, B.C.)

WHAT PEOPLE SAY ABOUT HEALING DOGS THEIR WAY

"All the natural remedies in the world wouldn't mean a thing without a gifted healer to guide their appropriate uses."

...Susan A. (Wisconsin)

"Marijke's approach is intuitive and innovative, but firmly grounded in science and research. What a powerful combination!"

...Marion K. (Edmonton, Alberta)

"It's so refreshing to have someone as compassionate as Marijke work on the cause of your pet's health problems and not the symptoms. Marijke's work is by far the best, she is the real deal!"

...Kim R. (Revelstoke, B.C.)

TAKE THE GUESSWORK OUT OF HEALTH CARE

OUR STANDARDS ARE HIGH

MARIJKE VAN DE WATER, B.Sc., DHMS, CEO

As the founder and formulator of Riva's Remedies I have applied to each and every product more than 25 years of an active health practice, extensive knowledge, on-going research, medical intuition, a passion for holistic health, and a love for all horses. You can be assured that all of our products are prepared with exceptional ingredients and precise intentions to deliver consistent and extraordinary results time and time again. Our reputation of "products that work" is well-deserved and based on thousands of success cases. I wish all of your horses outstanding health, happiness and harmony.

Who is Riva?

Riva was the long-time companion to Marijke and the namesake of Riva's Remedies. She was the great granddaughter of Riva Ridge who was the champion racehorse that ran alongside Secretariat. Our Riva not only inherited his fire but also his passion and his heart. During her time, Riva championed tens of thousands of horses and their people and blessed every one of Riva's Remedies with love, compassion, and healing. Riva was laid to rest on July 07th, 2022 at the age of 25. She continues to touch the hearts of many and will always send out endless healing energies to animals and people everywhere. Her healing spirit will never die.

Love to all . . .
Riva, Marijke, & Elisha

CHECK OUT OUR ONLINE COURSES!

We have always maintained that the key to optimum horse health care is through education. Therefore, any mission that sets out to improve health and wellness for the natural horse has to involve their people. With this in mind we are always excited to provide the horse community with a selection of online courses and membership groups that are user friendly, interactive, and highly educational.

Resolving Equine Metabolic Syndrome Naturally

This is a self-paced short course available at any time. This course will walk you through the process of formulating a specific feed, remedy, and supplement program for all EMS conditions including Insulin Resistance (IR, Cushing's Syndrome (PPID), and Polysaccharide Storage Myopathy (PSSM). You will learn strategies for prevention, recovery, and maintenance.

Courses are instructed by Elisha Edwards, B.Sc., MBA. Elisha is a Natural Horse Health Practitioner with a strong background in the biological sciences, natural horse health care, and education.
